

Replacement UV lamps for Inca printers

TCS Technologies manufactures digital UV curing lamps for most Inca printers. Machines and models may come and go but their UV lamps live on at TCS Technologies.

Compare curing performance, price and warranty; you will see why TCS Technologies' UV lamps compare favorably to the OEM offering.

- Our lamp is directly interchangeable with OEM product
- Our lamp offers better value and is produced from the finest USA quartz
- Our lamp operates the same power level as OEM product
- Our lamp cures at the same rate
- Our lamp costs less

Purchasing a lamp from the OEM does not guarantee you get a better quality part. TCS Technologies delivers better value, comparable quality at a fraction of the cost.

We have produced UV curing lamps for the following Inca printers:

Spyder 320	Columbia Turbo	Eagle Flatbed
-------------------	-----------------------	----------------------

Replacement UV inkjet lamps for Inca printers include:

Subzero 085A	501854	SO 085A
S7340	PM7340	S6813A44CSD
130517260	130514656
