

Dilli 1922F-1 UV Inkjet Lamps

The Dilli 1922F-1 is a high power metal halide lamp used primarily in Agfa Anapurna printers. Due to the nature of metal halide lamps, it performs best when operated at high power.

Our lamp is directly interchangeable with the Agfa Anapurna OEM lamp. It provides optimal printer performance and output quality.

You have placed a large investment in digital printing. We have helped numerous manufacturing and printing companies to better manage their technology investment. Let us help attain your goals of success and growth with cost-effective Agfa Anapurna replacement digital printing lamps.

Since 1979, we have manufactured quality UV curing lamps right here in the USA. No order is too small and we ship worldwide. Our lamps are reliable and backed by 32-years of lamp-making excellence.
