

H700 REV 2 UV Inkjet Lamps

Our H700 rev 2 lamp provides increased UV (UVA) output. It is designed for use in EFI Rastek (Raster) Daytona machines. Compared to standard Chinese lamp, our design offers higher UV output and predictable life. Our lamp is directly interchangeable with OEM product.

Lamps are produced from the finest USA sourced materials. We ship worldwide and no order is too small.

You have placed a large investment in digital printing. Let TCS Technologies help attain your goals of success and growth with cost-effective EFI Rastek replacement digital printing lamps.

Since 1979, we have manufactured quality UV curing lamps right here in the USA. No order is too small and we ship worldwide. Our lamps are reliable and backed by 32-years of lamp-making excellence.
