

2-211-0489-10 UV Inkjet Lamps

We suspect the Leggett & Platt (Polytype) Spuhl Virtu printer is no longer manufactured, however the 2-211-0489-10 replacement lamp lives on at TCS Technologies. We can also fabricate quartz water-cooling tubes for this printer.

Rest assured our UV curing lamp provides identical UV performance, fit and life as the OEM product. The only difference is the price.

Since 1979, we have manufactured quality UV curing lamps right here in the USA. No order is too small and we ship worldwide. Our lamps are reliable and backed by 32-years of lamp-making excellence.
