

AM7273X UV Inkjet Lamps

UV curing lamp AM7273X is designed for use with Agfa Anapurna printer. This is a high powered lamp able to cure most inkjet inks. Best results are achieved operating at maximum power.

Compare curing performance, price and warranty; you will see why TCS Technologies' AM7273X lamp compares favorably to the Agfa Anapurna OEM offering.

- Our lamp is directly interchangeable with OEM product
- Our lamp is fabricated from the finest USA quartz and components
 - Our lamp operates the same power level as OEM product
 - Our lamp cures at the same rate
 - Our lamp costs less

Purchasing a lamp from the OEM does not guarantee you get a better quality part. TCS Technologies provides an equivalent UV bulb at a fraction of the cost.

Since 1979, we have manufactured quality UV curing lamps right here in the USA. No order is too small and we ship worldwide. Our lamps are reliable and backed by 32-years of lamp-making excellence.
