

LB2099042 UV Inkjet Lamps

UV curing lamp LB2099042 is at the heart of several Durst Rho combo-style UV printers. As digital inkjet lamps go, it has a long arc length. Designed to cure most inkjet inks, ultraviolet output is high.

Compare curing performance, price and warranty; you will see why TCS Technologies' LB2099042 lamp compares favorably to the Durst OEM offering.

- Our lamp is directly interchangeable with OEM product
- Our lamp is fabricated from the finest USA quartz and components
 - Our lamp operates the same power level as OEM product
 - Our lamp cures at the same rate
 - Our lamp costs less

Purchasing a lamp from the OEM does not guarantee you get a better quality part. TCS Technologies provides an equivalent UV bulb at a fraction of the cost.

Since 1979, we have manufactured quality UV curing lamps right here in the USA. No order is too small and we ship worldwide. Our lamps are reliable and backed by 32-years of lamp-making excellence.
