

UV Lamps For Online Energy Equipment

Online Energy is a manufacturer of shuttered UV curing systems used in the web-printing industry. They have existed under several names. We know them as Online Energy but they have operated under the name Research Inc. Presently we believe they are known as Cogent Technologies.

TCS Technologies manufactures replacement UV curing lamps for virtually all Online Energy curing systems. Over the years we have built a reputation for delivering performance, dependability and value. ***Here is a partial list of the Online Energy lamps we manufacture:***
