

## UV Curing Lamps For American M&M

American M&M Screen Printing Equipment is a division of A.W.T. World Trade Group. They have two product lines utilizing UV curing lamps:

- Quantum which is a stand-alone UV conveyor dryer
- Hercules which is a carousel printer with interstation UV dryers

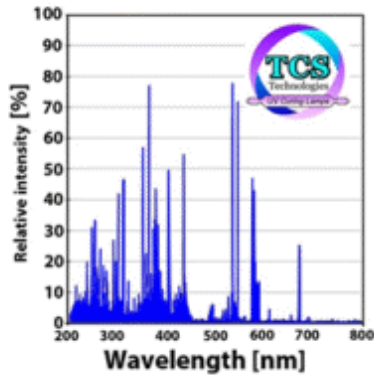

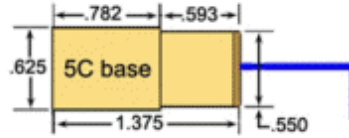

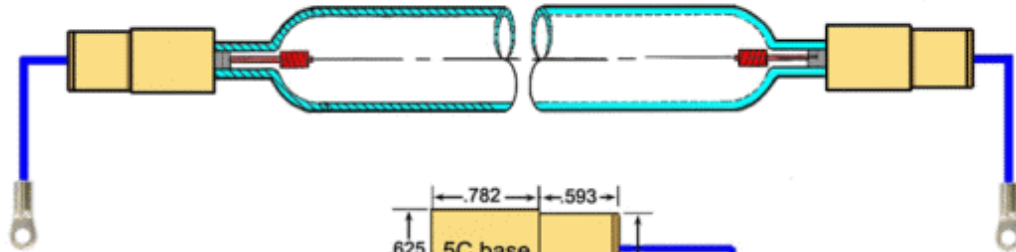

TCS Technologies offers a complete line of replacement UV curing lamps for use in American M&M Equipment. **Typical lamps include:**

57651	57607	57651	57667
